---

**CLIENT:**

Illinois Toll Highway Authority

**CONTACT:**

Alicia Pitlik  
Project Manager  
(630)241-6800 Ext. 6224

**CONTRACT:**

Illinois Toll Highway Authority PSB 17-3 Item 26, RR-17-4340

**PROJECT PURPOSE:**

- Provide Construction Inspection Services for Veterans Memorial Tollway (I-355)
  - Inspect Pavement Preservation and Repair Activities
  - Conduct Quality Assurance/Quality Control of Materials Including HMA
  - Develop and Assess Project and Inspection Documentation and Schedules
- 

DAMA Consultants, Inc., was the Prime Consultant for the PSB 17-3 Item 26 - Veterans Memorial Tollway, Pavement Preservation for the Illinois Toll Highway Authority. DAMA provided Construction Inspection Services under Contract RR-17-4340.

DAMA was responsible for construction inspection for several preservation and repair activities along the Veterans Memorial Tollway including

- Layout survey for crash damage to a concrete barrier wall to prepare for construction repair inspection
- Safety quality control for maintenance of traffic and other ancillary safety work including contractor work crew field activities for quality control
- Roadway sweeping and ramp plaza guardrail modifications
- Bridge work including joint reconstruction, deck repair, joint seal replacement, deck sealing, cleaning and sealing substructure and substructure elements, and culvert rehabilitation
- Dynamic Message Sign (DMS) and Roadway Weather Information System (RWIS) replacements
- Pavement repairs including mainline concrete patching, microsurfacing of shoulders, and crack sealing
